

Procedure for Generation of Green PIN in Indian Bank ATMs for RuPay Debit Cards.

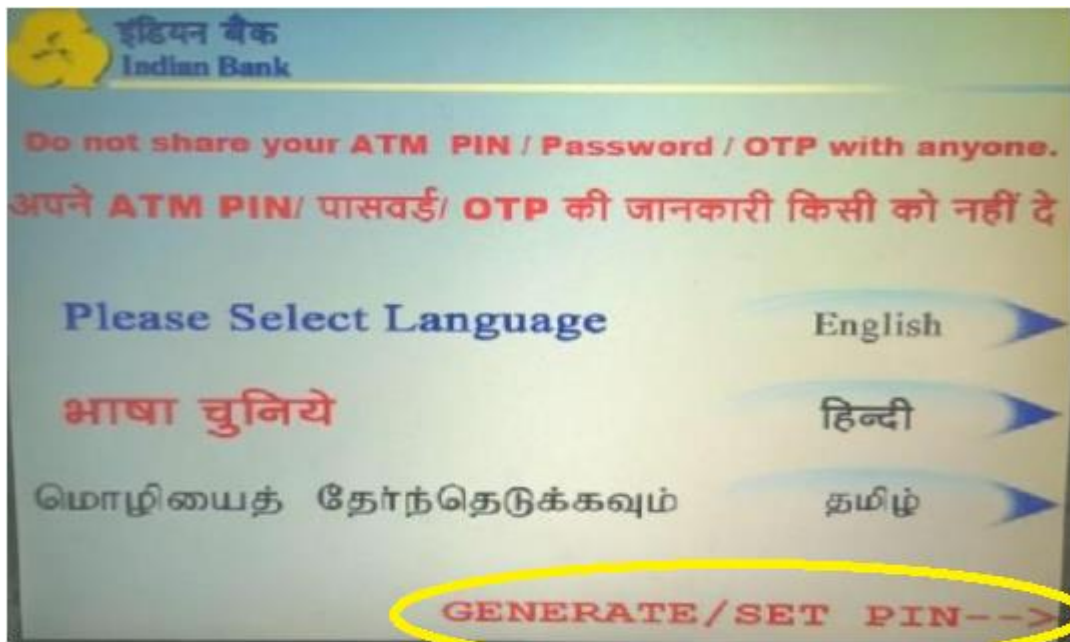

Customers must have their Account number and Mobile number linked with the account number in their hand to Generate Green PIN

Green PIN Generation Involves 2 Steps:

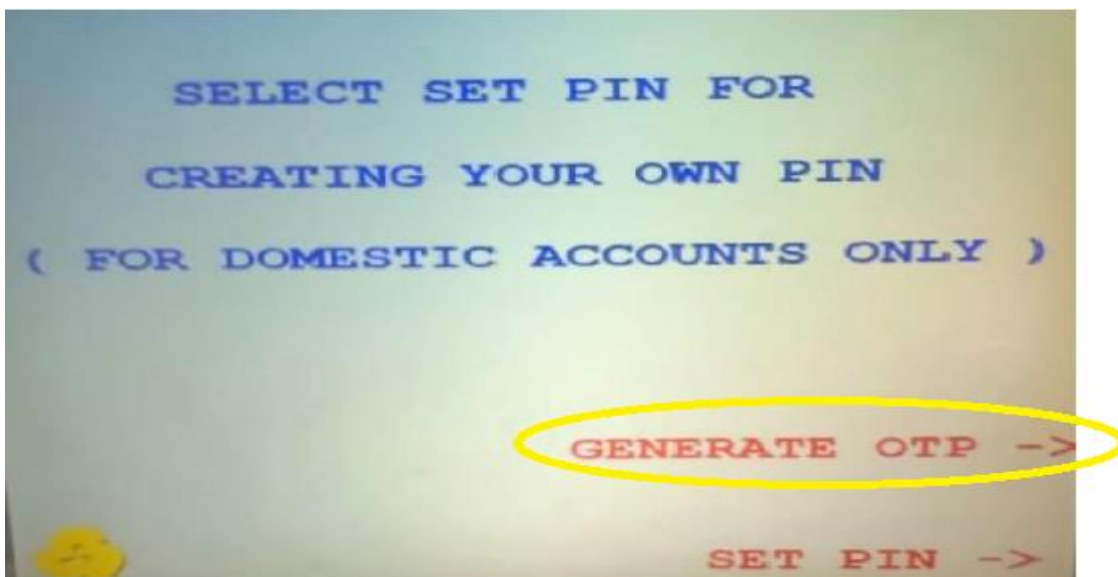

- 1) Generation of OTP
- 2) Setting of new PIN

GENERATION OF OTP:

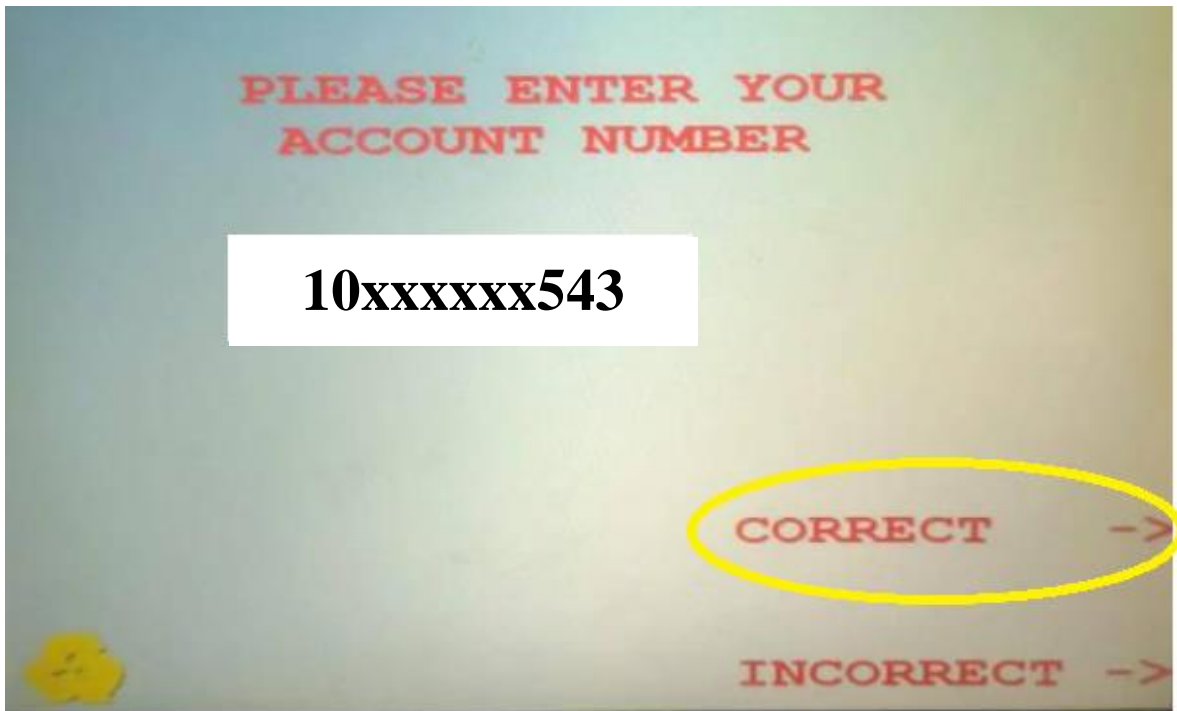

- a) Insert your debit card at any Indian Bank ATM and select the “**GENERATE/SET PIN**” option.

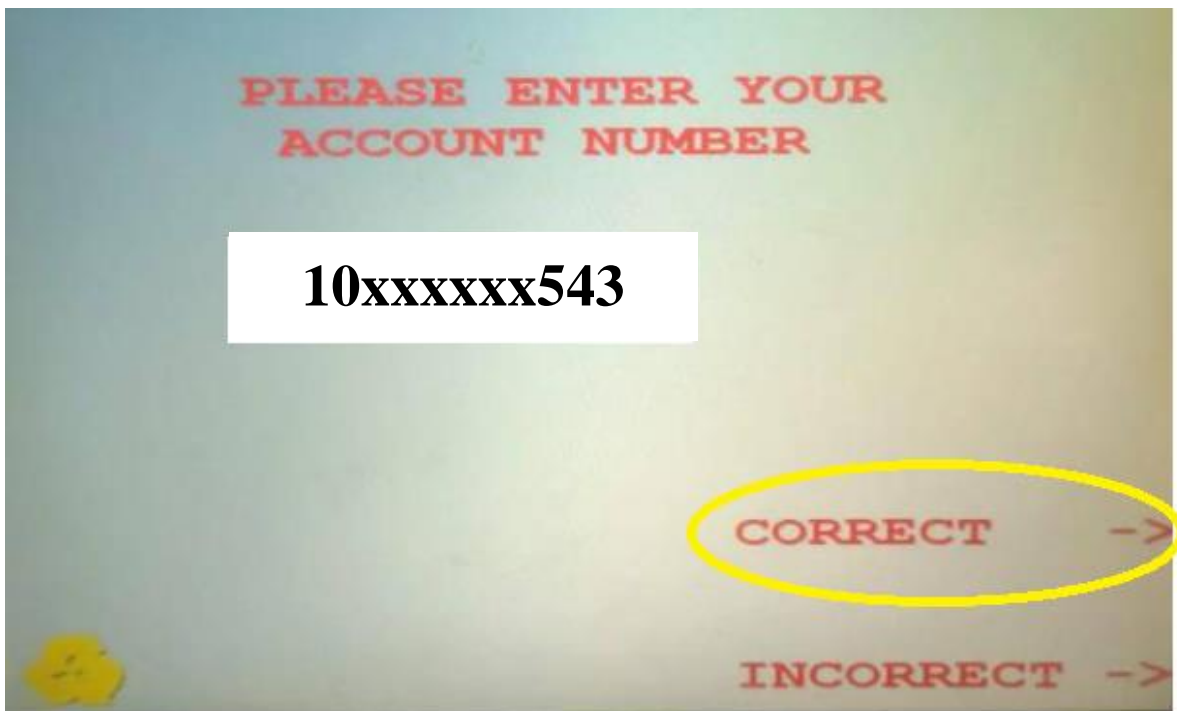

- b) Select the “**GENERATE OTP**” option.

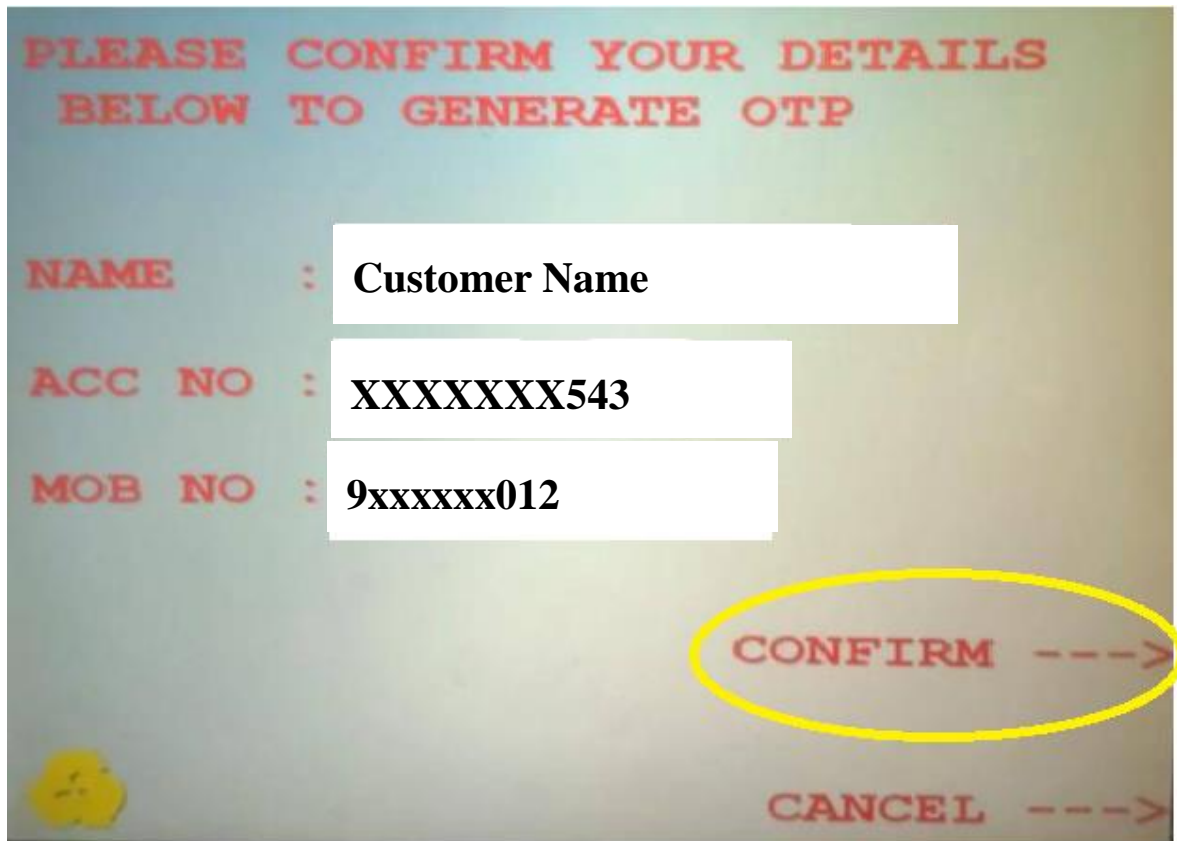

c) Enter Account Number correctly and press the “CORRECT” option.

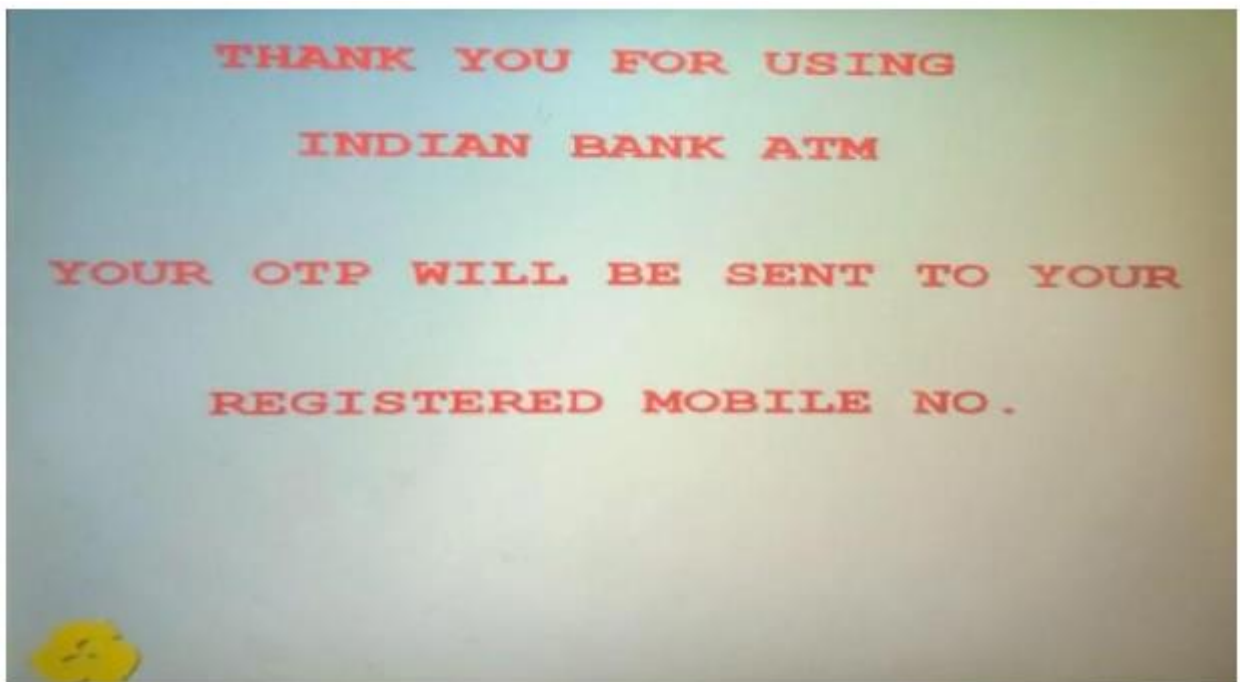

d) Again enter the Account Number correctly and press the “CORRECT” option.

e) Select the “CONFIRM” option if the account details displayed are correct.

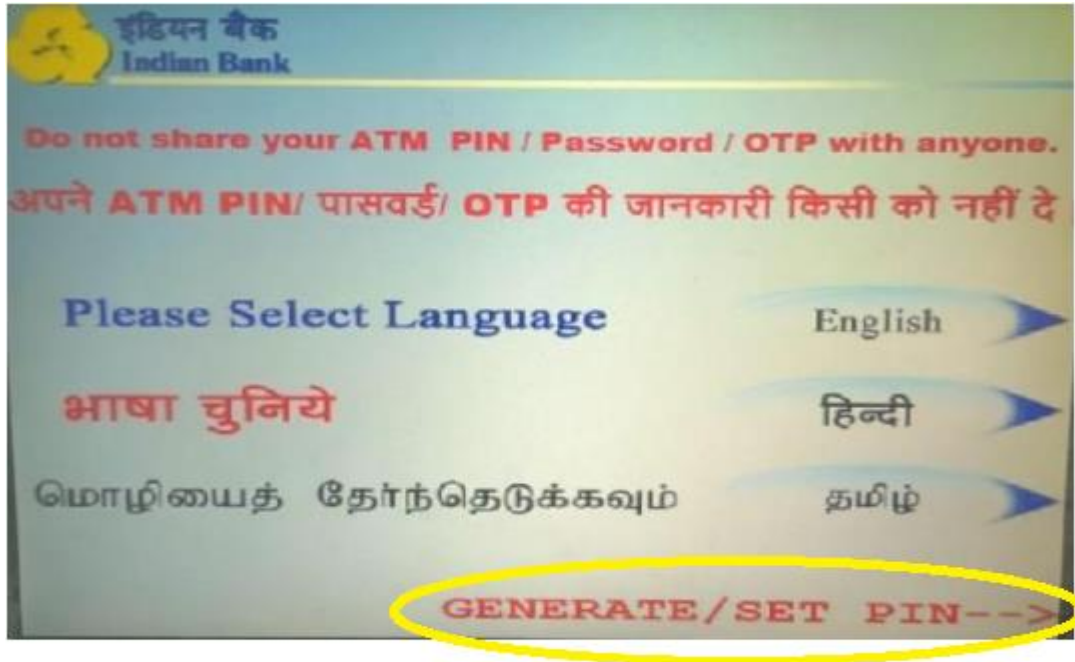

f) OTP will be sent to the Mobile number and the card will be ejected from the ATM machine.

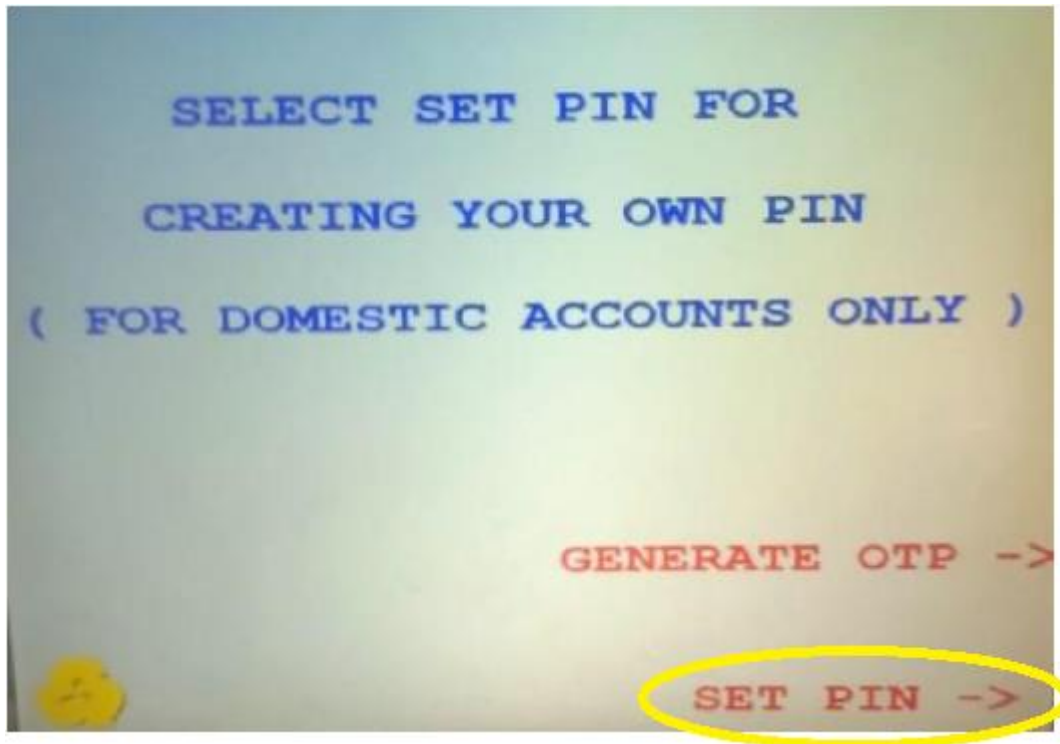

2. SETTING OF PIN:

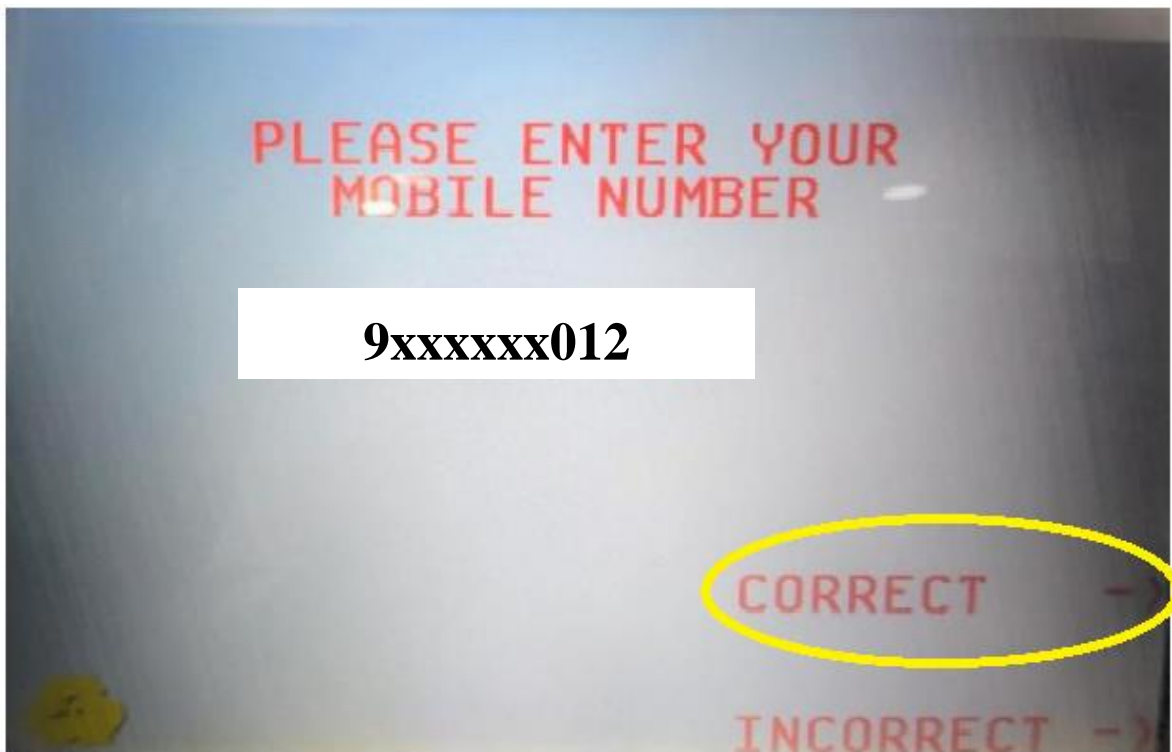

- a) Again Insert your debit card at Indian Bank ATM and select the “**GENERATE/SET PIN**” option.

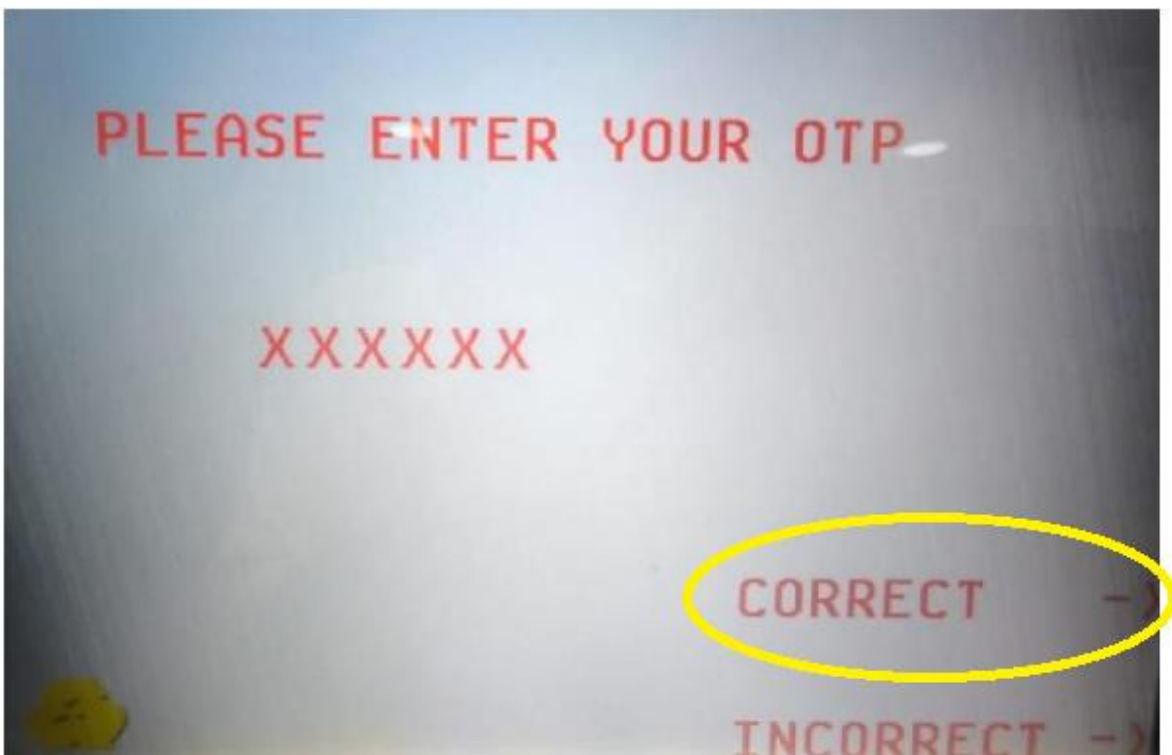

- b) Select the “**SET PIN**” option.

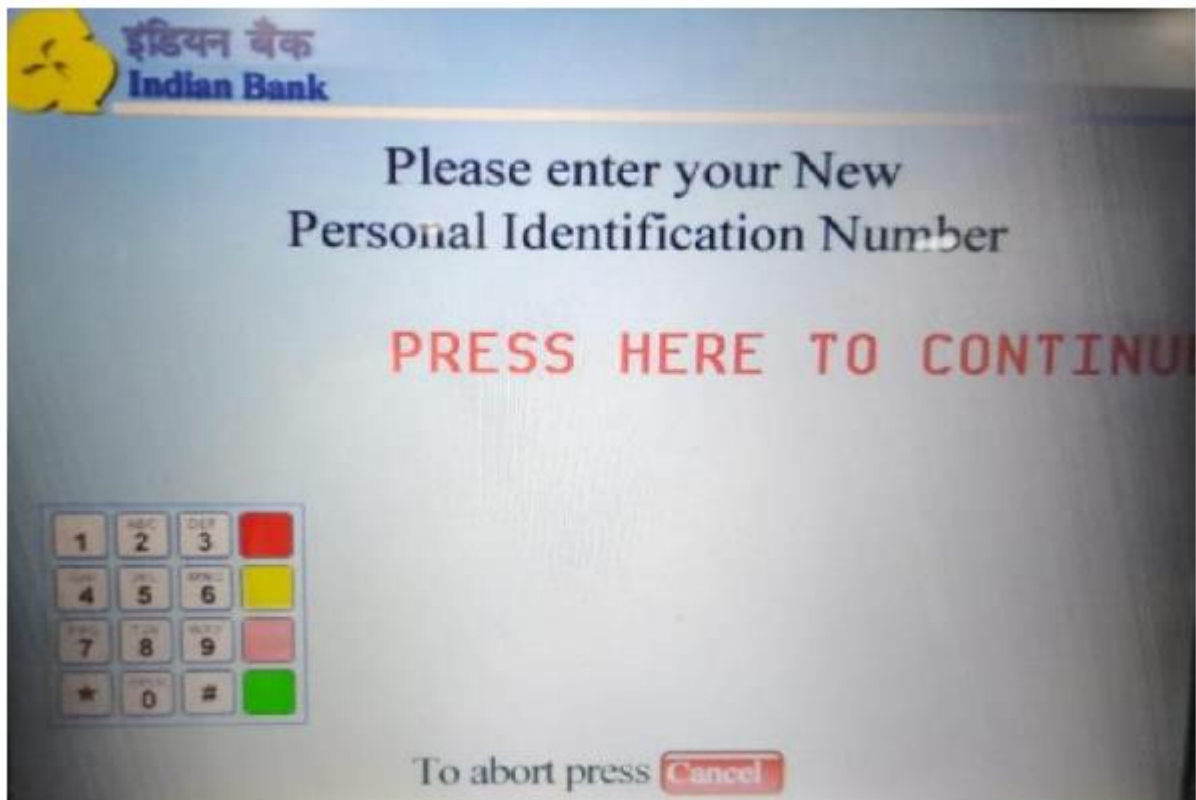

c) Enter the registered mobile number correctly and press the “CORRECT” option.

d) Enter the 6-digit OTP received in the mobile and press the “CORRECT” option.

- e) Now, the customer can enter any **new 4-digit PIN of his/her choice**. Re-enter the same PIN for confirmation.

- f) PIN will be set and the receipt will be generated as "**PIN CHANGED**".
